

Grass Valley Elks Lodge 538 Press Release

Permission is granted for reproduction & reprint

Grass Valley Elks sponsored CubPack 21 with Elk leader Robert Amerio and soon to be new Elk Brian had a very successful canned food drive. The boys notified residents in Morgan Ranch of the drive and collected almost 1000 cans on Saturday Dec 11. Their efforts will go to benefit folks in our community by supporting the Elks HOPE Project "Helping Other People Eat" in Nevada County. The HOPE Food Distribution is a once each month program operated by Grass Valley Elks and in its third year of grant funding from ENF. This program relies strongly on Elk members from both Grass Valley and Nevada City #518 and Boy Scouts food collection drives for its success at feeding the needy. Thank you boys, leaders and parents for all you've given to our community! And a warm thank you and Happy Holidays to all who have given so much.
